THEY FLEW THE MAIL IN 1911. Promoters, postal officials and pilots of the London-Windsor airmail experiment of September 9-16, 1911 are shown in the above postcard photograph. They are not identified, but the younger man beside the woman can be recognized as Gustave W. Hamel who flew the first dispatch of mail on the opening day. The plane is a Bleriot monoplane, similar to the one used two weeks later in the first United States official mail flight at Garden City, N. Y.

# Great Britain Observes Golden Jubilee Of First "Scheduled" Airmail Of September 9, 1911

Bob Jones and George Saint

The year 1961, and especially the month of September thereof, hold great significance for the student of communications, transport and phi-lately. For it was a mere 50 years ago that the flying machine entered the

mail-carrying field in an official manner.

Earlier this year Linn's carried an account of the set of three stamps issued by India, and the special flight conducted there, to mark the 50th anniversary of that nation's and the world's first official airmail flight.

This was a short hop of about five miles, from the Allahabad Exhibition Grounds to Naini Junction. About 6500 pieces of mail were carried by the French pilot Pequet. This was February 18, 1911.

Seven months later the first official mail service in the United States took place at Garden City, N. Y., with a number of flights tak ing place during the last week of September 1911, beginning the 23rd. In the meantime Great Britain had entered the picture with a week of activity September 9-16.

This project, operated as a part of the coronation celebrations of King George V who had been

crowned June 22, could be generously called the first "scheduled" airmail service, since the venture was set up for several days' operation and not as a single occasion. It was also a "both ways" service, although only one return flight was made with a mail cargo (September 16). The schedule called for daily airmail flights from London to Windsor, with but the one return trip carrying mail.

The undertaking was well planned and advertised. Mail carried was and advertised. Mail carried was limited to special cards with a cachet featuring a biplane flying over the Castle, plus a suitable commemorative cancellation. Cards

# Format Vertical, Color Blue; Cachets For Garden City And "Vin Fiz", New Slogan Cancels

The Post Office Department has announced that the 4c commemorative stamp recognizing the 50th anniversary of the establishment of the Republic of China, and featuring Dr. Sun Yat-sen, will be issued October 10 at Washington, D. C. Authorization for the issuance of this stamp was made public by President Kennædy recently in the course of his meetings with Vice President Chen Cheng of China.

Above the portrait of Dr. Sun Yat-sen is the 12-point White Sun symbol, as adapted from the flag of the Republic of China. In the upper corners, in Chinese characters, are "Min Kuo" in the upper left and "Chung Hua" in the upper right. They represent, in English, "The Republic of China".

The 4c stamp noting the 50th anniversary of China's independence features a portrait of Dr. Sun Yat-sen. It will be printed in two tones of blue on the Cottrell presses, in panes of 50, quantity not stated.

To the left, reading upwards, is the wording "1911 Anniversary Republic of China 1961" and to the right, reading down, is "United States Postage", both in dark lettering. The denomination "4c" is in the lower right portion of the stamp, in white. Across the bottom of the design is "SUN YAT-SEN" in larger dark letters.

This stamp will be printed in two tones of blue on the Cottrell presses at the Bureau of Engraving and Printing, electric-eye perforated, measuring .84 by 1.44 inches, ar-

# Navy Offers Deep Stunning Book On Freeze Services

The Department of Defense in Washington D.C. here announced that collectors again will have an opportunity to obtain covers post-marked in Navy post offices at stations in Antarctica and from ships participating in Operation DEEP FREEZE 62.

Covers will be accepted for post marking at Byrd and South Pole stations and from the several ships of the supply force that operate a Navy post office. No covers should be submitted to the ships which do not have postal facilities.

One cover only may be submitted each station (Byrd and South Pole) and not more than three covers may be submitted to each participating ship.

To obtain a postmark from Byrd and South Pole stations, place two addressed envelopes with United States postage affixed, or accompanied by an International Reply Coupon for each cover requested, in an envelope and mail them to:

DEEP FREEZE Philatelic Mail, U.S. Naval Construction Battalion Center, Dansville, East Greenwich, R. I.

One cover will be sent to Byrd Station, the other to South Pole station for postmarking. If a cancellation is desired from only one station, indicate on the lower left hand corner of the cover the postmark desired, "Byrd" or "Pole".

The covers must be mailed in time to reach East Greenwich, R.I. by October 15. They will probably be postmarked during the Antarctic winter and be returned between October 1962 and April 1963. Some of them may be returned during the current operating season.

Anyone desiring postmarks from the participating ships may place not more than three addressed envelopes with United States postage affixed, or accompanied by sufficient Reply Coupons, in an envelope and mail them to:
DEEP FREEZE Philatelic Mail,

(the name of the ship from which opstmark/is desired), (the Fleet Post Office address).

Covers on which postmarks of ships cancellations are desired should be mailed to reach the ship not earlier than one month prior to the date the vessel is scheduled to sail from the United States. The following ships assigned to DEEP FREEZE 62 operate Navy post offices:

USS ATKA (AGB-3), c/o FPO, New York, N.Y.; cutoff date for covers, October 23.

USS BURTON ISLAND (AGB-1); c/o FPO, San Francisco, Calif.,

September 30.

New York, September 27. USS ARNEB (AKA-56), c/o FPO, New York, November 1.

USCGC EASTWIND (WAGB-279), c/o FPO, New York, September 27. Postal clerks at both stations and on the ships will be instructed to return all covers unpostmarked when: a) more than the specified limit are submitted; b) it appears they are to be used for commercial purposes; c) covers are received after the cutoff date; or d) they are submitted to ships or units in DEEP FREEZE which do not operate a Navy post office.

# Stamps Of Italy

There are but several books in the 120-year existence of philately which have the importance, infor-mation and lavishness of "I Fran-cobolli dello Stato Italiane" (The Stamps of Italy). Prepared by the Administration of Posts and Telecommunications of Italy, the text is in four languages-Italian, French, Spanish and English.

This 405-page (page size 91/2" x 13½") tome was published by the Italian Government for the International Philatelic Exhibition at Palermo, Sicily in October 1959. It was shown for the first time there by Prof R. de Caterini, the Minister of Communications, creating quite a

One will find all the existing facts about Italy's issues as well as details of a technical nature. Included are sketches concerned with the historical background of the emissions as well as authentic biographical material where individuals appear in their designs.

Every stamp design ever issued by Italy is reproduced in its original color. In fact one will find material pictured which does not have listing in a number of the world's

leading catalogs.

According to the Italian Postal Administration more than ten years of labor are represented in the publication. Because this work was subsidized by the government as a contribution to the country's culture, its production was possible.

A limited edition of but 10,000 copies was made available to the philatelic public. Most of these are now in the hands of Italian specialists who find it indispensible, other collectors who find much in the nature of general information usable in their philatelic areas, or those maintaining philatelic libra-ries which would definitely not be

complete without the book.
Orders for "I Francobolli dello
Stato Italiano" are to be sent to the Direzione Generale P.T.T., Servizio III, Rome, Italy. Payment is to be made by international money order in the sum of 16,810 Lire (Approximately \$27.50 in United States currency). Personal checks or other type payments are not accepted.

Shipment will be made directly from Rome by surface mail.

# NN'S WEEKLY STAMP

GEORGE W. LINN, Senior Editor\_\_\_HOWEY-IN-THE-HILLS, FLORIDA CARL P. RUETH, Editor\_\_\_\_SIDNEY, OHIO

Entered as second class matter April 23, 1942 at the post office at Sidney, Ohio under the act of March 8, 1879

LEWIS F. TURLEY DISPLAY ADVERTISING RATES Rates are per column inch per insertion. Transient 1 inch \$4.00; 2 inch \$10.00; 5 inch \$2.00; (Contract rates lower). CLOSING DATE for new copy or change Wednesday noon for publication second Monday following.

# Speaking of Champions Of Liberty

Senator Dodd of Connecticut in speaking on the floor of the Senate urged the Postmaster General to continue the Champions of Liberty series of postage stamps and cited Nicola Petkov the martyred Bulgarian peasant as a desirable subject. While we can agree with Senator Dodd in

GEORGE W. LINN

this choice we also believe that we have some American Champions of Liberty that deserve recognition. It is a shameful record of our Post Office Department that they let pass the opportunity to honor General Pershing on the recent occasion of his 100th birthday. There were few greater Champions of Liberty anywhere. His birthday was September 13 of last year.

# It Is Scott Catalogue Time Again

The biggest lift stamp collecting has had in the past few years was when the Esquire people took over the Scott Publications business. Prior to that time new album supplements were something collectors hoped for but had a hard time getting. Likewise the appearance of the annual catalog was uncer-

Now under the Esquire management all this is changed and collectors can depend on these new publications and this is doing much for the hobby

Volume II of the 1962 catalogue appeared September 1. Volume I is to come on October 1 and the Combined edition on November 1. The Specialized is due on October 15.

Volume II is loaded with new listings and with 52,636 price changes. This is all good news for the hobby and dealers can start new to get ready for an active year in stamp collecting.

# That Forbidden Postal Slogan

Mr. A. G. Heinsohn Jr. President of the Cherokee Textile Mills advises us that almost 200 readers of Linn's Weekly wrote and requested the Meter Slogan that was withdrawn by Phitney-Bowes.

Shows there is quite a wide interest in Meter Markings.

# Why Boys Collect Stamps

"The Economist" of London, England concludes; "Most collectors of stamps—as, indeed, of such diverse trivia as cheese labels, match boxes and orange wrappers are abolescent choolboys steered into a relatively harmless passion by parents fearful of the gap between lead soldiers and girls."

# We Can't Do It Alone Ez.

A dealer who handles only philatelic merchandise of good repute and quality sends us two clippings from our July 3, 1961 issue. One is the note at the top of our editorial column announcing the flood of Haitian remainders that were dumped on the market and the ther clipping was the four inch advertisement of the American Stamp Dealers Association which has a catch line, "Buy Here With Confidence". This tow clippings from your paper of July 3. If it wasn't so serious it would be a joke."

# Advice To Cover And Cachet Makers

Just a word of advice to those inexperienced people who produce cacheted covers for events of various kinds. There are some collectors who go for this stuff and those who produce it should know that in all things of this nature the collector of experience wants his cover to be of the standard 6 3/4 size envelope. Do not use large No. 10's. They are not wanted as few albums will hold one unless mounted in a vertical position. Use only the small standard size and design your cachet accordingly

Another thing we have just seen on a very attractive cover for the Civil War Centennial is that it was franked with a handstamped mailing permit rather than a postage stamp. Such mailing is not wanted by collec-tors. By all means use an attractive stamp.

# Blocks, Coils, Panes

A new White Ace Historical Album for United States stamps is now available—this one for collect-ing regular postage issues in blocks four, coil pairs, and booklet

Designed to match the popular White Ace pages for singles of the 1922-23. It includes perforation, printing, and other major varieties. As with all other White Ace albums, supplements will be issued annually |-Saturday afternoon from 1 to 3 p.m to keep it up-to-date.

The album is completely illustrated with over-sized pictures of borhood to attend these meetings. all issues in their appropriate mounting spaces. The various differences among stamps are also fully explained. Included along with the regular series are the Kansas and Nebraska overprint sets.

The design and format of this alare the same as for the other White Ace Albums for U. S. United States.

# White Ace Album For East Cleveland Club Meets September 18

The East Cleveland Philatelic Society will begin the new season with the new officers in charge: Milton LaForge, president; Harry Gray, vice president; Mrs. Regeni Borne, secretary; Ruth Smith, financial secretary.

All collectors are cordially invited regular issues, the new offering is to attend the meetings at the East complete for all regular postage Cleveland YMCA at Lee and Euclid

The Junior Stamp Club of the YMCA with Sidney R. Smith as leader and instructor will be held on starting September 19. Both clubs request all collectors in the neigh-

regular postage issues, so it can be similar-looking easily integrated into another White Ace collection.

The price of this new set of pages is \$3.65. A White Ace binder also is available at \$3.50. These and other White Ace products can be purchased at dealers throughout the

"Sorry, Podner; there was a stamp I wanted—so I beat you to the draw."

# APS Report On World Relations

At the recent American Philatelic Society convention in Chicago, Ill. the organization's International Relations Committee made a detailed report of the efforts expended in this direction during the preceding year in connection with People-to-People activities:

International goodwill and friendship between collectors in foreign countries and those in the U.S. are continually being broadened through APS awards and the loan of traveling exhibits. The fact that it limits the awards to citizens of the country in which exhibitions are held tends to strengthen friendly relations.

Since the 1960 convention report the committee has placed 14 Awards of Distinction in Israel, Argentina. Czechoslovakia, Portuguese India, Pakistan (two), Austria (two, Korea, Poland, England (two), West Germany, and France. In the coming year it expects to place awards in South Africa, New Zealand, Austria, Germany, France, England, Spain, Malaya, Poland, Czechoslovakia, and Hungary.

In addition to the above awards, the committee presented the 1961 APS International Award for Philatelic Achievement to A. W. Bogershausen. This honor was bestowed on Mr. Bogershausen, in recognition of his many philatelic accomplish-ments in West Germany.

In the past year two APS "International Good Will Traveling Exhibits" have been "court of honor" presentations at exhibitions in Sweden. Portuguese India, Denmark, West Germany, Pakistan, and New Zealand.

George A. Blizil, chairman of the committee, expressed strong belief that the APS awards and the loan of traveling exhibits will continue to prove helpful in enhancing understanding between peoples and in establishing a firm basis for a just

# KANSAS & NEBRASKA OVERPRINTS

Among the most sought after 20th Century United States stamps are these 1929 overprints which were issued as an experiment to trace stamps stolen in post office robberies. They were supplied to post office in small cities and towns of the two states, and were in use for approximately a year only, the experiment proving unsuccessful. Always scarce, they are most desirable now 30 years after issuance, and especially in well-centered condition.

A recent purchase enables this special offering of complete sets of these scarce stamps in fresh and select mint condition. Order now while nice quality is still available.

From readers I've received copies of the August Naval Aviation commem which seem to be, and are, lighter in shade than others. There is no variation in the actual color -blue-just in the depth of it on the stamp.

Examination reveals that a plate not fully inked is responsible. This can come about through not applying sufficient ink to the plate, or a too thorough and vigorous wiping off of the excess ink on it after the inking-in process. In either case, there isn't enough ink to be transferred to the paper to bring a deeptoned design.

The light areas show up in the "solid" lettering, numeral of value and the dark edges of the wings of plane. The lightness and darkness is not uniform, varying between areas on adjacent stamps, or not having any lightness at all. Inspection with a magnifying glass is not necessary but it helps.

There is no extra value to these lighter shade stamps. Further they are not a variety or even a freak since qualifications for either are lamp. not at hand.

1. How many different kinds of animals are in the design of the 1948 Ft. Kearny commem?

2. The Four Chaplains and the name of the ship?

There still must be a sizeable mint and used, providing the material is in the "very fine" category. "good" doesn't seem to The much at any time especially since when a person spends fair sums of money on his collection he's aiming for the best he can get. Often this runs catalog value or better.

Over the years, buying very fine and better, has been a safe way to spend funds. This kind of material is always in demand, and so brings the top dollar. The mediocre and run of the mill hardly interests any advanced collector who has a few extra shekels for his hobby for he has learned that only the best does well.

A dealer was telling me that recently he offered the Zepps in extra nice condition, due to a fortunate purchase, at \$140 per set of singles, and \$600 in blocks. Stated he could have sold another 60 sets at those figures if he'd had them. Money was refunded to people who didn't get orders in before stock was exhausted. A dealer really hates to have to run out of goods under such conditions.

Moral of these few paragraphs is to acquire very fine material. The other kind just isn't worth bothering had their gum removed for safety with, except for use as postage.

Nancy Alexander, columnist for the Lenoir, N. C. News Topic, re-cently reproduced the pages from a diary written by Major G.W.F. Harper, who operated a store and post office. It dealt with things 100 years ago, in July 1861, in Lenoir.

One entry, on July 19, is of note to stamp collectors, especially those following Confederate philately. The entry on that date said:

George Myall of Santa - Monica, Calif. wonders how he can tell whether some mint stamps he recently purchased are of the "re-gummed" varity. He is well aware erators who are in the business to supply just that.

For that matter, there are skilled adding on of a tongue of paper between perf holes, the painting in, or drawing in of marks which make for a more valuable variety or which does nothing more than to fill in a part of a design which has been scuffed off. People devoted to that kind of a thing get highly skilled

The easiest test for O.G. is a comparison of the doubted item with ick, one that is known to be genuine in all respects. A magnifying glass is an aid, as would be an ultra-violet

In instances where gum is the deciding factor in establishing the stamp, the catalogs try to describe the gum. However here again one would need to have some experience knowing what a certified genship with which they died are seen uine copy had in the way of gum on a 1948 commem. What is the for comparison, because the catalog can describe but not really picture or offer a sample.

Another giveaway to regumming amount of money around for stamps, is to be found in the semicircular of this stamp will be announced at perf holes on single stamps, the full holes in blocks, or the edges of straight-edge copies. The gum has to be painted on, usually by brush. It can also be applied by passing able. the stamp over a smooth cylinder having a coating of liquid gum on its surface much as the stuff is applied at the time of manufacture of the stamps.

It is impossible to add the gum without traces of it running over the edge into the semicircular perf holes the paper is, if you will look at the "wall" of paper along these places you will find traces of the gum which has been added. If the "mechanic" who did the job isn't a highly skilled one you might also find tiny splotches on the face of the stamp.

Another thing for which to look is the evenness of the gum in thickness. If it tapers off to one side or corner, or is thicker one area than another, chances are you have a regumming job before you.

While there are some of the 19th and early 20th Century issues with full O.G., and a fair quantity more with part O.G., a good many others or other reasons years ago. There are some excellent copies of unused stamps with part or no gum which one can acquire at a lesser figure than similar with full. They're just as acceptable as the others, too.

A reliable dealer will be happy to present his ware for purchase properly marked as to the condition of the gum, if they are unused stamps. He'll also back up his sale with a "full satisfaction or money refunded".

A stunt similar to the often reported one of a person or persons in a public place trying to sell one dollar bills for substantially less than their face value, occurre

According to Thomas J. Chara of Manchester, Conn. the G.E. Madison Stores opened a new unit at Southington, Conn. The firm ran a near full-page size ad in which was emphasized the policy of "lowest prices possible". This appeared Hartford Courant of August 22.

# Irish Stamps To Honor St. Patrick

The special Irish stamps to commemorate the 15th centenary of the death of St. Patrick, Ireland's Patron Saint to whom churches have been dedicated throughout the world, will be issued on September 25, the Eire Department of Posts and Telegraphs has announced.

The three denominations are 3d blue (25,000,000), 8d, mauve (500,-000) and (1/3 green top value (1,250-,000), made up in sheets of 120 stamps. The design is based on a representation of the Saint contained in a Biography of Irish Saints pubthat because of the craze for full lished in Paris in 1624 by Thomas Original Gum (O.G.) there are op-Messingham.

The design will include the name of the Saint in Latin as in Messingham's illustration, the name of artisans in the repairing of stamps the State in the Irish language, and such as the "removal" of tears, the denomination. Printing will be by recess process on paper watermarked with the letter "E", perforation 14½ x 14½.

First day covers, if fully addressed and accompanied by a remittance to cover the value of the stamps required, will be services by the Controller, Philatelic Section, General Post Office, Dublin 1, and the Postmasters of Cork, Limmerick, Waterford, Galway, Dun Laoghaire, and Wexford, provided they are received not later than September 22.

A special first day of issue mark will be impressed on first day covers posted at the offices mentioned. Remittances may be made by international money order, bank draft of certified check, at \$2.80 to the Pound.

A further stamp will be issued early in 1962 to commemorate the centenaries of the deaths of John O'Donovan and Eugene O'Curry, the distinguished Irish scholars. Details a later date.

Is that kind of thing legal, some of you might wonder? Apparently it is for one must presume that the USPOD was checked before the offer vas made. Further, as long as Uncle Sammy gets his full face value at the time the stamps are sold, it is to be considered he has no interest or on the straightedge. # Philatelic Activity

Axel Miltander Bevaringsgatan 11 Gothenburg, Sweden

Since I began as columnist in Linn's I have received several letters like this one: 'Why do you write about Swed-

ish stamps and philately only? The Scandinavian area is much bigger!"

It's a correct objection and I am sorry having been neglectful of our neighbor countries. I promise better service in the future!

Let us start with Norway and the most famous of the Norwegian stamps, the legendary Norway No. 1—the imperforate 4 skillings blue, watermarked lion. It was released January 1, 1855.

Wherever you visit a bigger exhibition you will find this stamp in several copies, many times "plated". The reason is that it is inexpensive or at least has been so—and that collectors often try to reconstruct the original plate. It is really a fascinating job for advanced students.

In the FACIT catalogue which is

ed is for you, you can find several types listed. The catalog shows as many as ten different main types, but there are several more.

Norway No. 1 was printed in sheets of four panes. Each pane had 50 stamps, in all 200 positions. All can be located because nearly every stamp in the sheet is different! Norway No. 1 in used condition

is priced here for about \$12 with ordinary margins. Should you like to have them in better condition with especially broad margins, you have to pay much more. A mint copy is retailed up to \$160.

The most important variety is the "double-foot" on the lion's right hind leg. It has a value of \$140 used-is not listed mint. Another-cracked plate on left frame-is retailed to \$100 used.

If you have one or more copies examine it. It can be a valuable copy! On cover Norway No. 1 is valued to \$24, a pair to \$90, and a block of four to more than \$1000.

Two reprints have been made. The first came in 1914 in a quantity of 550 copies. It is deep blue instead of blue to green blue for the original stamp. This reprint has a value of

The other reprint, made in 1924 in a quantity of 1000 copies is deeper in color than the first reprint. It has a value of \$6. (The quantity printed of the original stamp, Norway No. 1 is 2,000,000).

Three different types of cancellations can be found on the No. 1. They are lines combined with a circle, a numeral cancellation within ircles, and

with name and date.

Ink-canceled stamps are also found. The most common of these types are the first two mentioned. The latter two means a higher value of a dollar or two each.

If you would like to have any more information about this stamp any other old Norwegian items, feel free to write me. All letters including stamps for return postage will be answered. Please do not send any stamp for valuation or expertizing, but do send a photo, if you can.

Next time I am planning to write about the Norwegian "V" overprints. So until then-goodbye, everyone, and so long!

# **EUROPA 1961**

EUROPA 1961 will be the " investment of the decade" The most promising set of stamps ever issued!

Order now — before prices start climbing. Send \$4 deposit per set (\$40 per 10 sets or \$400 for 100 sets).

(for FDC send \$6 deposit per set)

PAST PERFORMANCE IS AMAZING; THE 1956 SET EUROPA WENT UP FROM \$5 IN 1958 TO \$12 IN 1959, TO \$60 IN 1961.
THE 1957 SET WENT UP FROM \$3 IN 1958 TO \$6 IN 1959, TO \$28 IN 1961.
THE 1960 SET WENT UP FROM \$8 IN 1960 TO \$26 IN 1961.

hy we believe that Europa is best for your money:

1) It is a clean topical. No overprints, no imperfs, no reprints or second printings etc. Topicals of the past few years were discredited by such manipulations that served to enrich a few skillful operators. None of that in Europa issues. That is what we call a clean set

enrich a few skillful operators. None of that in Europa issues. That is what we can a clean set.

2) The boom of European economies makes for higher prices of stamps of Western Europe. No other group of stamps had such fantastic rise as European sets printed in limited amounts.

3) Europa sets are a living topical. Each year another set is issued and enhances the value of the prior sets. They do not get forgotten like Brussel fair did. New collectors will reach for back issues every year. Demand will outrun supplies.

4) You get in on it on the ground floor. You pay only face value plus small commission, where we get supplies directly from the Postal administrations. Where we have to obtain these stamps through a foreign broker, we charge cost plus 20%. Compare this with some "rigged" monopolistic issues of "banana" republics which start off at a multiple — often 50 times — of the face value and you will realize how this makes Europa sets stand out.

5) It is easy to order. We guarantee to supply the entire set as quickly as issued. There are no "afterthoughts" such as spoiled the fun in collecting "Refugees" etc. The participating countries are few, the face value is known — it is as easy ordering the sets through us as when ordering U.S. stamps from the Agency.

We estimate the total set to have a face value of \$6 and the net price to you about \$7.80. We ask a \$4 deposit for each set — the balance to be paid on receipt. A special discount of 30c per set will be allowed on orders of 20 sets or more.

# Imperf Error Found On Hong Kong Issue

A combination imperforate and part perforated sheet of the current 5c regular issue of Hong Kong has been reported by Yam Chi Chuen, 54 First St., Hong Kong, China. He reports the post office counter sale of possibly a full sheet of 100 stamps imperforate excepting only the bottom row.

He has seen the bottom half of the sheet, and supplies photos of blocks of four, six and 18 (6 x 3), lower right corner of the latter is shown above. It is imperforate excepting for the bottom row of the comb perforations—perfs at bottom and at sides between the stamps of bottom row only. No other perforations are appar-

ent, thus affording one row of stamps perf at bottom and sides, and all the rest completely imperf as far as have been seen.

# Remington Cachet By Canton, N. Y. Group

On October 4 the Grasse River Historical Society will mail from Canton, N. Y. a cacheted Remington cover, reproducing a cowboy painting by the artist. The cover will be franked with a recent commemorative stamp and will of course not be a first day of issue item.

The first day of the new multi-colored Remington art stamp will be in Washington, D. C. on the same day.

Frederic Remington, painter, and illustrator, who glori-fied the life of the wild west in its sunset period, was born in Canton, N. Y. October 4, 1861, where he is also buried. He is famous for his studies in bronze, oil, and water color of cowboys, Indians, and other scenes of the frontier.

To philatelists Remington has a special interest because the designs of the U.S. 8c and 50c Trans-Mississippi Omaha exhibition stamps issued in 1898 are from paintings by remington. His portrait appears on the 10c famous American artist stamp of 1940.

There will be a celebration and Remington art exhibition in Canton the last week of September. The publication of an illustrated brochure on Remington by Atwood Manley will occur this fall. Inquiries about this booklet may be made to the Remington Committee, 41 Judson St., Canton, N.Y.

# "SportStampS" Lists Firearms Topicals

A four-page compilation by Irwin Bloomfield of sports labels and seals featuring shooting meets and com-petitions is the feature article in the August issue of "SportStamps", the monthly journal of the Sports Unit,

the society of sports philately.

Of equal interest is a "how to" article by editor Travis Land, detailing a unique method of mounting selected portions of one's collection for exhibition purposes.

In addition, the publication contains such varied features as a three-page listing of sports post offices; a further article in the series on bull-fighting by Dick Frontain; a pot pouri article on sports-on-stamps by Ira Seebacher; and a two-page castigation of the illegitimate dealer and nefarious hawker of philatelic junk.

Interested collectors may obtain copies of this issue of SportStamps by sending 25c to Robert M. Bruce, Office of Physical Education, U. S. Military Academy, West Point, N. Y. immediately.

# Collector Lists A - Sub **Construction Details**

Further detailed information about the numerous atomic powered Further detailed information about the numerous atomic powered submarines of the United States has been compiled by George W. Juno of Scotia 2, N.Y. for the benefit of interested collectors. The information has been available in many widely-scattered forms, and is not classified.

Most is in fact available to the public at the submarine Library of the General Dynamics Corp., Groton, Conn.

An earlier listing by Mr. Juno (March 27 Linn's) gave pertinent dates of A-sub first events. For proper understanding of the following data, careful attention should be given the introductory coding system:

# SPECIAL PURCHASE

COLLECTORS

IT WILL PAY YOU TO SPEND JUST A FEW MOMENTS READING DOWN THIS AD.

READING DOWN THIS AD.

Because we have this past 24 hours made a very special purchase of a very large accumulation of over 100 BULGING WORLD WIDE COLLECTIONS — Some are ind 'INTER-NATIONALS', 'MERKLIS', SCOTTS, 'SCHAUBEKS', 'LIN-COLNS', 'STRANDS', 'NEW IDEALS', WHITFIELD'S, IMPERIALS and so many others together with dozens of OLD STOCK BOOKS. We can assure you friends this is not a load of junk — Otherwise we should not have wasted our good earned cash on the purchase. As stated, these collections are world wide 19th and 20th Century but leaning more on the 19th Century.

Now this is what we are planning to do — we wish to make up lots to suit all pocket wallets (some of you may be a little short after a vacation) for those who have that extra to spare may want to buy a collection intact before being broken up. We have been sending to clients all over the world for a long long time and still have many collectors and dealers on our books who have bought consistently over very lengthy periods. Careful attention is paid to special wants and one cannot go wrong when buying good material in the region of one fifth to one tenth Scott's catalog. Being one of the cheapest firms in the U.K. both in retail and wholesale. WE ARE OFTEN COPIED BUT NEVER BEATEN AND NONE OF OUR ADS ARE FAKED OR FIDDLED UP AT ANY TIME.

Only this morning we received several nice letters from some of our SATISFIED CUSTOMERS— Here is one of them — just read what our customer has to say: — Dear Mr. Reynolds, after receiving my first order last week, I very hurriedly sent for a second one. Not even taking time to let you know how very pleased I was with the first order. Frankly, the testimonials you have printed on the last pages of your lists are very mild to the compliments your firm really deserve — For to say 'Pleased'

fails far short of the feeling I have for your business house, etc. etc. Mr. Wilbur Seldenstricker, Dayton, Ohio, (All our letters of thanks are passed on to the editor of Linns).

Linns).

STAMPS ON ALBUM LEAVES, LOOSE AND SCARCE STAMPS IN PACKETS ETC. This is how the lots are made up — you can have world wide selections, foreign, or British Commonwealth. We have commenced making up a number of mixed lots and a quick inspection found some really good items, such as high Vals. to £1 or £1s in Classics. In one lot was found a nice Canada Jubilee £1, another a nice collectable copy of Columbus £1 Salmon, a "third lot contained Scott £1 5c Red Brown with just a slight defect. but quite scarce, a fourth lot contained a nice lot of Br. Commonwealth classics such old B.W.I. and a pair of Cape Triangulars, other lots with Penny Blacks and on original cover. So this will give you some idea, and if you are not fortunate in securing a lot with a £1 Columbus or a Scott £1 Post Office' you can be assured of other items of interest and good value. with no junkl Please note the prices A-10¢ price \$20.60, C—lot price \$30.00. A host of stamps in each lot. (Air Parcel 60c-extra please)

# Design Evolution Of Tunis Stamp

Collectors will be interested in the sequence of sketches which show the steps leading to the completed design of a recent Tunisian stamp by the noted native artist, Hatim El Mekki. The World Wide Philatellic Agency, New York City, has supplied photos of the four original sketches involved, and an account development.

Mr. El Mekki's intention in creating this stamp was to show a pirate and minaret at Bizerte, the Mediterranean port of Tunisia, currently in the headlines. His unique style here aims to bring out humorous elements in a scene as it might have been viewed a hundred years

The first frame shows an archway lightly blocked out over a waterway with the bare outline minaret and small boats in the background. On the second picture the idea is carried along with a onemasted steamer, a man, and a rough idea of a girl or mermaid in the water.

El Mekki abandoned the girl in the third sketch, but refined his sailor looking out with handlebar moustache from a one-stacked gunboat with cannon at the bow pointing out to sea and anchor visible at the stern.

The fourth and completed design carries the theme to a pleasant conclusion. Now the insciptions have been clearly indicated, spelling "Republic of Tunisia" in French and Arabic and the word "Postage" in the same languages. Even "Bizerte" has an unusual touch with the Arabic spelled out in the stylized form of a fish.

The sailor's moustache has been modified and a beard added, and he looks casually out next to a smokestack which is combined with the stand of a palm. While smoke pours to the left, the palm symetrically turns to the right over a minaret and arcade on shore. In light emerald the stamp is attractive and beautifully balanced.

This design is an example of the inventiveness Tunisia has been incorporating in her stamps. As for rewarded with response throughout the world by collectors and the public who study his work, learning something about his technique and his country.

Canada—Stamps from Superintendent, Postage Stamp Division, Post Office Department, Ottawa 4, Ont. FDC's from Postmaster, Ottawa 2, Ont. Burma—Director of Posts and Telegraphs, Rangoon; India—Phila-telic Bureau, GPO, Bombay; Ire-land—stamps from Philatelic Section, GPO, Dublin; FDC's from Controller, Philatelic Section, GPO, Dublin and Postmasters of Cork, Limerick, Waterford, Galway, Dun Laoghaire, and Wexford.

New Zealand — Director-General, Stamps Division, GPO, Wellington; New Zealand Dependencies above or Postmaster, Rarotonga, Cook Islands; Postmaster, Niue; Postmaster, Apia (for both Tokelau Islands and Western Samoa); Pakistan - Director-General, Pakistan Posts and Telegraphs Department, Karachi; South Africa—Postmaster General, Pretoria, Transvaal.

To the best of our knowledge this concludes the list and we trust we have not inadvertently omitted anyone's favorite country.

Qatar—On September 2 this Persian Gulf Territory became the third British Postal Agency to discontinue the use of overprinted British stamps since the policy announcement of November 1958. However, the existing set will be valid for use in Qatar until further notice.

The new definitive series consists of eleven denominations from 5 naye paise to 10 Rupees. Five designs have been utilized, two for the four Rupee adhesives and three for the seven low values.

These designs were chosen by His Highness Shaikh Ahmed bin Ali al Thani, the Ruler of Qatar, whose portrait forms the subject of the 5, 15, 20 and 30np. designs. A smaller version of the same portrait within an oval shares the subject matter of the remaining values.

Harrison has printed the naye paise denominations by the photo-gravure process in sheets of 100. The Rupee values were prepared by De La Rue using the line engraving process in sheets of 50. All stamps

are on unwatermarked paper.

With this new set, only the Sultanate of Muscat and Oman will continue the use of the overprints, and these are expected to be replaced

The ten major varieties of cancellations employed by United States Navy ship post offices are illustrated above, from the Type Chart of the Universal Ship Cancellation Society. There are many varieties of these ten, all of which are designated by appended letters or symbols which the Type Chart explains in detail.

# **Naval Postmark** Collecting Interesting

For the past several years I have been collecting naval postmarks. This is an interesting sideline in the vast philatelic hobby. It is interesting to me for the many different possibilities it offers.

Many American naval vessels (over 500 at present) have post

offices aboard. These are run by naval personnel under the supervision of the Post Office Department. Among the ships having postal facilities are carriers, cruisers, destroyers, some of the nine vessels, and auxiliaries.

The number of ships having post offices is continually changing as new vessels are added to the fleet and older ones retired.

The start of naval postal facilities came on August 20, 1908 with the establishment of a post office aboard the battleship "NEBRAS-KA" in accordance with an Act of Congress. Since then the number has increased steadily. The total is well over 3000 ships.

Besides the number of ships having cancels, there is a great va-riety of types of cancels. The USCS (Universal Ship Cancellation Society) lists ten main types and 26 variations of these types. The USCS Type Chart illustrates this point more fully.

Most cancels carry the ship's name, some its official number, others its location. Ships may use dif-

cels is the history of the ships which can be incorporated in the hobby. Some shipyards will commemorate the keel laying and/or the launching of the ship with a cacheted cover mailed from the city where the yard is located.

Then comes the first day in commission from the ship. This is usually the first day of postal service, but not alway . Some ships follow with shakedown cruise covers.

At times ports of call, Equator or 180 meridian crossings are included in the cancels. Toward the end of a ship's career come the last day in commision or last day postal ser-

Just prior to World War II and the Korean War some recommissioning covers followed by another set of last days were produced.

At present a new field is opening as reported by Joachim Dill in Linn's of February 13, 1961. Some of the decommissioned American naval vessels are now part of the German navy and covers are available under their new names.

I ran into an interesting cover the other day. The "USS BELLEAU WOOD", a CVL, saw service during World War II. After the war it was loaned to France and became the "BOIS BELLEAU".

On May 21, 1960 it visited Norfolk and a cover was sent to honor its

presence. The cover has the French cancel as well as one from the 'USS SOLEY", an American destroyer.

Besides the interesting cancels there are different types of cachets. Many cachets illustrate various events in the life of a ship as stated above. Others have birthday anniversary cachets.

Some have patriotic or naval slogans; honor past presidents and other famous men, important days as Navy Day, Independence Day and other holidays; various fleets as Pacific, Asiatic, Sixth, etc.; wel-come to various ports; and untold others.

In the early '30's two interesting types of cachets developed. Chief Machinist Mate Earle Nason of the 'USS SIRIUS' included a picture postcard of the ship in the envelope ent times. At present variations of Types 2 and 9 seem most prevalent.

Another angle to the naval cancels is the history of the chiral connect the picture with the the picture with

About the same time Chief Gunner's Mate W. G. Crosby, who had retired after 30 years of service, made contact with Nason and a photographer to develop the idea of pasting a small picture in a cachet of the ship.

The first ones were somewhat crude, but later examples had fine embossed cachets with the photo. Many similar types have followed.

In my own collection I have tried to find a picture of the ship to go with the cover. This becomes more interesting and increasingly harder, when one tries to find a picture taken during the event illustrated in the cachet or cancel.

For the philatelist some stamp history becomes involved. The Panama Canal Issue stamp of 1939 (Scotts No. 856) had its first day of issue on the Gunboat "CHARLESTON" which was at the Canal Zone on August 15th, 1939.

The frigate "CONSTITUTION" stamp (No. 951) was also canceled on the "CONSTITUTION" Boston Navy Yard October 21, 1947, and the 1957 International Naval Review stamp (No. 1091) had its first day cancel on the carrier "SARATOGA".

I have a cover with the 1935 California - Pacific Exposition stamp which was canceled aboard the de-(Continued on page 17)

PENNY BLACK STAMP CO. DUMONT, N. J. Est. 1912

# APS Luff Awards Made At Chicago

Upon recommendation of the Luff Awards Committee at the recent American Philatelic Society's convention in Chicago, Ill. that organization presented the three honors to three prominent members of the Society:

For Exceptional Contribution to Philately, to Herman Herst, Jr., Shrub Oak, N. Y.; for Distingished Philatelic Service and Research, to Frank J. Kovarik, Chicago, Ill.; and for Achievement, to Charles C. Cratsenberg, Moline, Ill. This last was for work in promoting the APS since the last Luff Awards were made in 1958

Mr. Herst was honored as the author of "Nassau Street", popular book on philately; as writer of many unbiased articles on the hobby, many of which have been republished in foreign stamp magazines; and for his constant crusade to keep philately ethical and sound.

Mr. Kovarik has been editor of the "Czechoslovak Specialist" for more than 20 years-one of the better fine nationality specialty group publications. He is author of many technical monographs on Czech philately now recognized by specialists throughout the world. Mr. Kovarik is also one of the founder-organizers of COMPEX, the nationally known Chicagoland show.

Past President Cratsenberg was recognized for his four years of service on the Society's Board of Vice Presidents, followed by four years of distinguished leadership-an important era of conscientious leadership resulting in several accomplishments which have gained high-est prestige for the APS", to quote the Committee's report.

# New AP President To Speak September 14

Albert Philip Cohen, president;
William A. Weikh, vice president;

All meetings are held at 8 p.m. at The Collectors Club, 22 E. 35th St., New York City. There is al-ways a lively question-and-answer and discussion period, and guests are very welcome.

Many commemorative stamps are used on naval covers. These help to dress up the collection.

The field of naval cover collecting is quite large. Consequently, some collectors specialize in certain kinds of covers. Some try to get cancels from all of the destroyers. This is quite a feat as the Navy Department lists some 900 destroyers (American Naval Fighting Ships,

enormous collection.

I felt quite good when I was able to assemble a cover from each of the 42 large American carriers. When I checked into the number of differ-ent types of cancels, I found the number approaching 600. This did not include keel layings or launchings. My 64 different cancels were only 10 per cent of the number available!

No article about naval cancels could be complete without mentioning the Universal Ship Cancellation Society. This is an organization of some 4000 ship cancel collectors. Many are naval personnel or retired from the service

They are kept abreast of the times by a monthly "LOG". Besides car-rying news of the members and meeting dates of the five local chapters, it lists many important facts about new cancels, decommissionings, construction notes, cover and cachet notes. From time to time many interesting articles are published on naval history.

The LOG is well worth the modest

early dues. I would be more than happy to furnish anyone interested with an application blank to join this worthwhile organization.

In conclusion I find naval postmark collecting interesting because of the many different ships involved, the different cancels and cachets, and the interesting stamps used. It has been a most rewarding hobby. As a student of naval history, it keeps me more closely up-to-date on the vast parade of naval history.

Julius Weiss 502 E. 185th St. Cleveland 19, Ohio

Today we travel to a land of 990-plus square miles some Europe which is bounded by Germany, France and Belgium. This tableland located in the basin of the Moselle river is truly a great contributor to the stamp world.

This constitutional monarchy is ruled by a Grand Duke and a Chamber of some 45 deputies. The language is German and the religion is Roman Catholic.

The nation of Luxembourg which was once part of the Roman Empire has been a part of Bohemia, later a part of Burgundy and still later it united with the house of years later it united with the house of Hapsburg and became a part of Spain.

It ceded to France and Austria in the late 17th century and early 18th century, and in 1815 the Congress of Vienna made it a grand duchy under the Netherlands. In time it joined with Belgium against the Netherlands-and so goes the history of this nation.

Hitler occupied the country and in 1947 after the war, it joined with Belgium and the Netherlands (a customs union) to become known as Benelux. The country is noted for agriculture and iron production with Luxembourg City being the capital.

The early 1852 issues of stamps show the various Grand Dukes and are quite elusive. Some of the early 'Union with Netherlands' issues are seldom seen in quantity on cover and they bring high prices at philatelic auctions.

Some of the scenic issues showing various cities, towers and castles are work of art filled with complete detail as to color, design and art in general. In our opinion the "Our Lady of Luxembourg" souvenir sheet of 1945 (issued for Charity Fund) is indeed an artistic gem.

adventure to Luxembourg An would not be complete without a visit to Bettembourg. This city, the gateway to Saarbrucken is a "Fairy Land" filled with life-sized figures of Snow White, Little Red Riding Hood, Hansel and Gretel, and many characters from the fairy tales.

Bettembourg has parks and a lake, and just about every nautical sport can find its way into the lake. Also, miniature golf, a zoo, a large aviary, and a naturalist museum. Yes, readers who have cancels from Bettembourg may envy the sender.

The vine-growing region stretches along the Moselle river (the frontier between the Grand Duchy, Germany and Sarre. This is known as the "Wine Road" as inns and hotels wait for guests and serve what is in the region, namely, Moselle Wine.

Esch-Alzette has some 30,000 inhabitants; it is the largest industrial town in Luxembourg and is the center of European steel industry. Unlike the usual industrial place, Esch-Alzette is a clean and friendly city with a modern shopping center complete with quiet parks and wooded hills.

Luxembourg, the capital city is noted for being illuminated at night on Thursdays, Saturdays and holi-days. In summer months the capital city is a huge Christmas tree filled with bright lights, the visitor can truly remember a visit to this ornate metropolis.

Telegraphes et Telephones, Grand-Duche De Luxembourg, Luxembourg City, Luxembourg.

When writing inclose an international reply coupon and a listing of material in stock will be sent, along with instructions for ordering. The agency aids the collectors with stamps, first day cancels, and so on. Mention this column when contacting the Director General so that he may know what your refer to.

An official rocket flight took place at 10:30 a.m. May 23 at Aspern Airport in Austria. We have been informed that a rocket was flown on the occasion of the Luposta Exhibition held in Vienna. A great deal of work went into the plan as before

post office sanction would be given, the police, army and other officials had to issue permits.

The take-off point had to be closed to the public, and the maximum length of the flight permitted was 1.8 km. Some twelve rockets were used with a send-off of 10,500 letters. All rockets made safe flights excepting only one.

Mail carried in No. was damaged. Special light weight mail was carried and imprinted "in memory of 30 years of rocket-mail in Austria". This refers to early fights of rocket experimenter Ing. Schmiedl. There were also a sketch of the rocket of year ago, the words, "First official rocket mail", and an arrival post-mark, "Rassdorf".

This is a historical flight in our

opinion as unlike the U.S. official rocket with some 3000 letters for U. S. "brass", the public did have a chance to send letters and ob-tain examples. The U.S. rocket to us was but a philatelic "dud", and is of little value.

The so-called Jugoslavian rocket flight of recent months was merely a local bit, while the Austrian ones had official postal sanction from top postal officials.

Although we do not feel a short distance rocket flight to be of great philatelic importance, we must call this truly the first official rocket flight in which the public could participate. It was not rigged by dealers, postal officials and the like, and the covers are indeed historic gems.

We are trying to see whether our readers can obtain examples, and a stamped addressed envelope marked "Austria" will bring facts if our readers in Austria have any extras to part with.

Many cancels from Europe today have "Europa" as a theme for they take in various phases of the work of the European Council at Strasbourg, France.

From Arhus (Achus), Denmark comes a most interesting slogan reading "Europaprisen 1960 / reading "Europaprisen 1960 / ARHUS 1960" in a box. It refers to a Europa prize won by this city of 170,000 population.

The cancel was in use from June 26 through July 1 (the prize is for 1960), while on June 29 the city had another marked "Ahrus-Europadag, June 29, 1961" showing the coat of arms of the city.

We have reports from many cities in Europe that Europa stamps and cancels are the most popular items, and collectors seek almost everything marked "Europa".

In fact, we can report even col-lectors in far north Scandinavian desire Europa stamps and cancels and soon this will be reflected in world philatelic catalogs as the material moves up in price.

Collectors of South Viet Nam may not know that a rather elusive military stamp has been in use in that country. We have an example of this green and orange stamp which reads "Quan-Buu" and "Viet-Nam Cong-Hoa".

It shows a soldier with fixed bayonet and some military houses. There is no monetary unit on the stamp, but we can report it is used for postal service. It is a philatelic item, and here are the facts as received from Viet Nam.

The Quan-Buu is a military stamp without face value. It was issued in sheets of 6 x 10 stamps and as singles. The stamps were in use from July 1, 1960 to January 1, 1961.

The stamp is used by soldiers conscripted into the army and by wounded soldiers only. The post office in Viet Nam did not publish news of the issue and therefore first day covers are not to be obtained easily. In fact, our friends in Viet Nam do not have either mint or used examples of the stamp.

A new issue service in America did list the stamp a few weeks ago and some dealers may still have it. Try to obtain it, for South Viet Namese collectors say it is a gemgenuine, and actually used for postal service.

Several readers have asked us where they may obtain the new (Continued on page 19)

# 1961-62 Duck Stamp

A drawing of any flying North American duck drawn by any North American wildlife artist may be entered in the annual contest to select the design for the 1962-63 duck stamp, provided it meets one spe-cial requirement and the standard requirements, the Department of the Interior has announced.

The special requirement is that the design must be drawn to show the duck in good gun range to emphasize an educational program of the Fish and Wildlife Service to "Know Your Ducks", to "Let 'Em Come In Close", and "Be Sure Before You Shoot".

The standard rules are: The draw ings must be 5 x 7 inches in size and must be black and white only, and they may be pen and ink, oil, water color, etching, pencil, or other drawing technique.

Also, for this 1962-1963 contest, neither the mallard, the redhead duck, nor the American eider duck can be used because they have been used recently. Nor can a goose of any variety be used this year be-cause the emphasis is on ducks and the problems they face.

Drawing must be in the Office of Information, Fish and Wildlife Service, Department of the Interior, Washington 25, D. C. on or before November 13. The agreement covering reproduction rights and a free copy of the leaflet, "Rules for the Annual Duck Stamp Contest' are available by writing to the Office of Information of the Fish and Wildlife Service.

African "cents" overprinted postal stationery. To collectors who send us a stamped addressed envelope we shall give the source for some of this elusive material who has told us he shall be glad to aid our readers. Note the Swaziland airletter with 5c on 6d imprinted

We have read the new Holy Land and Judaica catalog edited by E. H. Moshi, Louis Schulman and Leon Walters (Linn columnist) and find it to be a "must" for collectors,

This writer has known Mr. Moshi for sometime, having written arti-cles for his fine Middle East mag-azine published years ago and we he is an authority on the material of Israel.

This book covers the historical scene of Israel and is well illustrated; in fact, it could easily be a book for historians. We find the flight items realistically listed) the pricing is as good as any catalog's, but most of all this book takes in the Interim Period.

It lists the forerunners of Israel, special cancels and first day cancels, and tells that "something extra" which most catalogs limited in scope do not tell.

A 10 mills stamp to commemorate the 35th anniversary of the Bank Misr was issued August 23, in-stead of August 13 as annonuced last January when Egypt's stamp issuing program was first disclosed.

The stamp notes one of Egypt's most important institutions, for while it is known a "Bank Misr" it also controls many other industrial and commercial enterprises within the country and aboard, to make it one of the greatest of the Arab world.

The stamp has become the second to be produced at the new Postal Administration Security Printing Plant formally opened by Dr. Mus-tapha Khalil, Minister of Communi-

Major Mohammed I. Sobhi, Director-General of the Ministry, also dis-closed at the same time, that the 1, 4 and 35m. stamps now in general use would be produced at this mod-ern new plant. This means that from now on no more Egyptian stamps will be produced at the Survey Dewill be produced at the Survey De the year in which the plate was partment in Giza, which has been printed, such as A/54, B/56, and so printing the nation's stamps since

These three new adhesives have the same design as those presently in use, with "only slight alterations" in the Arabic inscriptions. The 1m. is in light blue instead of vermilion, the 4m. olive instead of green, and the 35m. marine blue instead of violet blue. They were released September 1.

Also issued on the same day is an entirely new 10m, stamp for regular service. This one features the Eagle of Saladin with a silhouette of the Citadel of Cairo in the background. It is intended to replace the current 10 m. which shows the head of Rameses.

All of the five stamps were produced on Egyptian-made paper which is without watermark.

new plant has two of the very latest ew Postal models of the WIFAG presses, made Printing in Switzerland, which can print Dr. Musstamps from either rotogravure or intaglio engraved cylinders.

It is interesting to note that the change of equipment led to a change in the marginal inscription on the finished sheets. Since the Survey Department has been printing the stamps, each sheet has had in the corner sheet margin a "control num-ber" in Arabic and Latin, to show

Stamps printed at the Post Office plant now have two marginal markings: one is the number of the sheet (each sheet is consecutively numbered for control purposes) and the date on which the sheet was actually printed, thus, 13 VII 61.

# **Antarctic Explorer** On Australian Stamp

A previously unpublished portrait of famed Antarctic explorer Sir Douglas Mawson will be featured on the October 18 5d stamp scheduled by Australia. Gray green in color, the new adhesive will mark the Australasian Antarctic expedition led by Mawson.

Maj. R. C. Dettman, 72 Marlow St., Wembley, Western Australia, who supplied this information added that the stamp will be valid for postage in both Australia and the Australian Antarctic Territory. It will be generally available for only about three weeks, he stated.

Maj. Dettman enclosed an August 4 news clipping commenting on the Dame Nellie Melba commemorative to be issued September 20 and adding comment about the proper recipient of the honor of being the first woman to appear on an Ausstralian stamp.

Many Australians expressed preference for the late Mrs. Edith Dircksey Cowan whose birth centenary arrived recently.

Mrs. Cowan was the first woman to take her seat in any parliament of the British Commonwealth and in the Southern Hemisphere.

Two years ago, during the golden jubilee year of the Women's Service Guilds of Western Australia, a resolution was passed for a stamp to be issued in her honor.

# **New Affiliation For** Bahamas Study Unit

A tremendous increase in all-yearround tourist traffic has apparently brought also a vastly increased interest in the stamps and postal history of the Bahamas, the Bahamas Postal History Study Circle points out. Now some 60 members strong, the club has just announced its af-filiation with the West Indies Federation Study Group.

The latter organization encompasses philatelic studies not only of the West Indies Federation but also of Bermuda, Bahamas, British Guiana, and British Honduras.

While still retaining its identity, the Bahamas Study Circle has joined forces with the WIFSG to enable its membership to gain the increased benefits of the more comprehen sive group with a regular journal and wider scope of interests.

Particulars may be obtained from R. E. Lant, 164 Highbourne Rd., Toronto 7, Ont., Canada, or from G. J. Raymond, 6035 Hornwood Dr., Houston 36, Texas. On request, Mr. Raymond will also include a cur-rent complete list of Bahamas "island" post offices. A stamped ad-dressed long envelope would be ap-

# Churches Of France In 'COROS Chronicle'

The Churches of France and the ceiling of the Sistine Chapel in Rome are featured in the latest issue of "The COROS Chronicle", bimonthly journal of the Collectors of Religion on Stamps (COROS).

A larger than full-page map of northeastern France highlights the article on the Churches of France which gives full descriptive details of the individual churches. Some 27 different churches in this part of France are represented by the 41 stamps which illustrate the map

The first part of the series, with stamp map of northwestern France, appeared in the February issue, a few copies of which are still available.

A full-page sketch of Michelangelo's famous ceiling frescoes in the Sistine Chapel points out the location of the design of each stamp of Italy's new definitive series, which contains portraits of Adam and Eve and seven Old Testament prophets.

Other articles in the 20-page magazine are devoted to Biblical scene on Israel's new airmails, the Knights of Malta, religious stamps of Czechoslovakia, the Russian monk Nestor, and religious new issues of rld. Madonna stamps issued in Polish prison camps during W. W. II are described in Father Aloysius S. Horn's continuing series on Madonna stamps.

# Further On N. Z. Antarctic Covers

Polar cover enthusiasts who ordered, or who intend to order, New Zealand area covers according to Dill column of May 8 Linn's are urged to note the following additional comment from the Director-General D. Donaldson of the New Zealand Post Office Department, under date of August 21:
". . . Several point are a bit mis-

leading and you would assist us if you would correct them. "1—While covers from Campbell

Island require New Zealand postage, Ross Dependency stamps are necessary on all correspondence from Scott Base.

"2—There are no facilities on H.M.N.Z.S. "Endeavour" or any oth-er New Zealand naval vessel for cancelling covers. It is extremely unlikely that H.M.N.Z.S. Endeavour will again visit the Antarctic, but no doubt some other vessel will re-

place her in this sphere.
"3—The 1961/2 New Zealand
Antarctic Expedition is a continuance of the 1957/8 expedition and the ordinary Scott Base concellation is available.

"4-American stamps cannot be the ordinary Scott Base concellation is available.

"4—American stamps cannot be cancelled on covers at any New Zealand base or post office.
"5—Ross Dependency stamps are

available from the Stamps Division, General Post Offce, Wellngton, Newi Zealand and may be purchased by means of International Money-or

# New Officers, Show At Minneapolis ATA

Four events will-take place at the September 15 meeting of Minne-apolis Chapter of American Topical Assn. First, Louis J. Eggerichs, one of the founders of the chapter, will install the following recently elected

officers for 1961-62:
Helen E. Hayek, president; Robert A. Clough, Sr., vice president;
Mrs. Mabel H. Harrison, treasurer; and Fred Korotkin, Box 7053, Highland Stn., Minneapolis 11, Minn. secretary.

A clothes-line exhibition of topical stamps only will be held, limited to one unprinted album page per person. Slips will be distributed and collected, so that members may ex-press constructive criticisms and make suggestions for programs for

future meetings.

A "mix and meet" session will follow the other activities. Visitors are welcome to attend the meeting, which will start at 7:15 p.m. in Room 216 of the Minneapolis Public Library, 300 Nicollet Ave., Minneapolis.

# K. Keister's Civil War Covers At G-P Meeting

Kenneth Keister will show and comment upon his unusual collec-tion of Civil War covers at the next meeting of the Garfield-Perry Stamp Club, Cleveland, Ohio.

The event will be held as usual at the Manger Hotel, Cleveland. Starting time is 8 p.m. September 15, and the public is cordially in-

# Metered Mail Group To Mark 25th Year

The American Metered Postage Society will hold its silver jubilee meeting in the Hotel Faust, Rockford, Ill. September 30. First set up September 15, 1935 as the American Postage Indicia/Society, it was removed to Clintonville, Wis. and reorganized January 25, 1952.

Suitable souvenir metered mail covers are being offered. One for the Rockford event will bear a cachet and a silver jubilee slogan, at 20c each, six for \$1. A second offering

will mark the jubilee year as such. This one will have the cachet in blue and the shield-shaped postage indicia in red, and will be a decidedly unusual example of the specialty cover art. Here the price is 25c each, five for \$1. Orders must be received by September 25, by the American Metered Postage Society, Clintonville, Wis.

A special membership campaign with drastically reduced rates will be conducted September 15-30, and interested collectors may write for full details and membership rates.

# New German Work "600 Fake Postmarks"

Incredible as it may seem, both the title and the number listed therein are correct, for this new offering deals with just that many fraudulent indicia which have been brought to light with the recent arrest and conviction of a German operator who specialized in filling wants for rare markings.

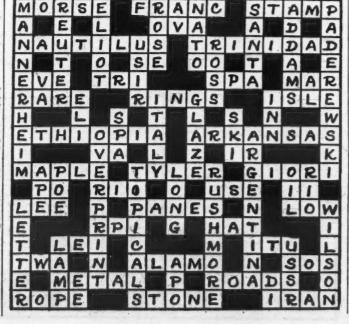

While in German, much of the matter can be figured out without any special knowledge of that language. Sufficient to say, this opportunist duplicated various rare mark-ings to "improve" genuine covers, and produced others with which to embellish both unused and used stamps as his fancy — and the market - dictated.

His specialty was said to be pur-chasing sheet quantities of certain issues which became dampened and stuck together, and "preparing" them for market by "canceling" them with his own gear. His output was of varying degress of workman-

ship, but all was equally fraudulent. Written by Willy Wolff, the 28-booklet is obtainable for five international reply coupons from Karl Bald, (13a) Wernfeld uber Gmund Bald, (13a) Wernfeld uber Gmunden-Main, Germany.

Robert W. Scherer of Scherer's Gallery, 1907 Harrison St., Hollywood, Fla. has come up with a new novelty for the person who likes to be a little "different" with his auto decorations. A request will bring details and illustrations of his 6" x 12" name plates with up to four initials spelled out in the international flag code alphabet, full color on metal.

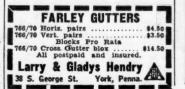

The Popular New York specialist in Israel philately and editor of a leading catalog on the field, Ger-shon G. Litzman, has a new address. He has removed five doors

east of his former offices to 147 W. 42nd St., New York 36, N. Y., on the corner of 42nd and Broadway, with quarters on the eleventh floor. Friends and patrons will be welcome there.

"Grow with Linn's" might well be the motto of Caribe Stamps, Boynton Beach, Fla., according to pro-prietor Irwin R. Waite. "A year ago we ran a two-column ad with you," he wrote, "with 310 Nicaragua stamps. This week we are offering 1260 different items from that country, mostly used. We've both grown!" Latin America is Caribe's specialty.

A capital offer comes from Space Craft Covers, Box 2295, Huntington, W. Va. For a stamped, addressed envelope the firm will send any space fan free copies of its "Mer-cury" tracking and communications network map, the voyages projected for Ranger I, and a list of major NASA scheduled space flights through the '60's. The firm specializes in space flight covers.

# Prices Rise In Scott's '62 No. II

Volume II of Scott's 1962 Standard Postage Stamp Catalogue has set a new record for price changes and additions-52,636, or 12,000 more than were made for the 1961 edition.

The newly published work went on sale September 1. It covers the nations of Europe, Asia and Africa. This is the 94th year of publication for the Scott Catalogue which began in 1867 as the single-sheet monthly pricelist of John Walter Scott.

Today, Vol. II alone fills 1476 pages. It is published by Scott Publications, a division of Esquire, Inc.

Popular countries receiving large numbers of price changes this year include Germany (exclusive of East Germany), 2463; France, 2243; Turkey, 1841; Russia, 1326; Italy, 1789; Spain, 1503; Switzerland, 1409; Hungary, 1322; Austria, 1311; Belgium, 881; Romania, 792; Greece, 764; Monaco, 716; Saar, 513; and Vatican, 431.

Price increases are particularly noticeable in Austria, Old German States, West Germany, early Italy, Saar semipostals, Spain and Turkey 20th century, and Vatican. The strong demand for UN, NATO sports and other topicals is reflected in many of the new prices.

A scattered sampling of some of the interesting new prices (all unused) shows: Austria No. 562 (Costume 10S.), 1961 Catalog, \$2.50; 1962-\$15: No. 380 (Dollfuss 10S. \$120 -\$140; China 461a (\$2 invert), \$375-\$850; and Epirus 1-4, \$4.50-\$11.50.

Also, France, Offices in China, Hoi Hao 29a (75c invert), \$2500; Germany B49-57 (Wagner Set), \$36.70—\$45.90; Italy 534 (55L. UNESCO), \$6-\$10; Ryukyus 17 (100y. on 2y.) \$125; Spain 572-573 (Madrid Exhibition 1936) \$7-\$10 and Vatican C20 (Gratianus 300L.), \$50-\$65.

In several countries, additional minor listings have been inserted to cover perforation varieties. For example, in Dutch Indies 26 new minor listings for perforations will found. Other interesting revisions and additions concern Austria, Belgium, Finland, France, Korea, Portuguese India, and Switzerland, to name a few.

In Cambodia, new this year are price listings for 15 souvenir or miniature sheets. Some were previously footnoted, while both types of surcharge are now listed for Dutch Indies No. 147, the 321/2c on 50c of 1921.

The Peace and Commerce 25c blue of France has been listed in a pair embracing Types I and II (\$1100 unused), and Iceland's inverted surchage, 5a. on 35a., has been recognized for No. 283 (\$90).

Korean Thirty-seven souvenir sheets have been listed and priced for the first time. A new major

BRAZIL COMBINED A COMMEMORATIVE ISSUE with the first day of new postal rates to produce a 10 and 20 Cruzeiro duo August 1. The red and orange, respectfully, items note and reproduce the 280 and 430 reis "Cat's Eye" issues of 1861, and will be popular with "stamps on stamps" topicalists. The same day also brought another 10Cr., this time in vertical format, in tribute to the Indian poet Rabindranath Tagore, according to Manoel F. da Motta, Largo do Machado 11, Apt. 301, Catete, Rio de Janeiro, Brazil.

Tai Han surcharges, 1ch. on 5p. yellow green, as No. 15B (\$35 used). Also, both types of No. 92 (5wn. hibiscus of 1948) are now listed.

The error of Lebanon's No. 33, with second line of Arabic reading '2 Piastre'' (singular), has been inserted as 33a. The souvenir sheet has been added for the 1960 World Refugee Year issue (C285a).

In Portuguese India, No. 97, one of the 1883 handstamped surcharges, has been deleted because it is not known as a genuine stamp.

The rare and costly first printing of the 1947 Saar surcharges (175-187) on toned paper with grayish gum has been added with numbers. The newly listed set is priced at \$161.70.

In the Swiss section the tete beche pair of No. 71 (5c maroon of 1882) has been listed, and the listing of souvenir sheet 242 has been revamped and footnoted.

A year's accumulation of new stamp issues-a total of 2291-has been added to the new Vol. II. The book fills 1476 pages, or 63 more than the 1961 edition. The price of Vol. II is \$8.

Vol. I, covering the United States, United Nations, British Common-wealth, and Latin America will be released early in October, and its price will be \$6, the firm announced.

# Skottowe New President Of Cincinnati Society

At the recent election of the Philatelic Society of Cincinnati at the Hotel Sinton, the following were elected to take office on September 1:

President, Edmund C. Skottowe; presidents, Dick Traut and vice Fred Green; secretary, Gustav E. Gebhart; and treasurer, Leo Longinotti.

These officers, together with those retiring, will direct the convention of the First Day Cover Society in Cincinnati October 28-29, for which the PSC is the host.

stamps around, plus your swapping books, and make the grade. So you try to mark your catalog in some way to show those copies that should be replaced. If you have a good system for this you are lucky and should let others know about it.

Each collector seems to have a little bit different method in interpreting the various conditions he considers his stamps in. It's handy enough to sit down at your desk and lay out the values and go over them one by one, checking against the ones in your book.

I suppose I have already changed some stamps three times. As time goes on I fear I will become lax. One thing that jogs me up is when I remember the nice stamp I sent Joe Jinks last week and look in my book and find a rather crummy copy of that same stamp.

There is no complete answer but a word of advice. Just keep trying.

A. G. STAMP SERVICE

Brooklyn 19, N. Y.

Several types of airplanes were employed in the London-Windsor mail service, the above being that of C. Hubert. It is a Farman biplane, driven by a single motor on the lower wing directly behind the pilot. It could fly with the pilot and a very modest added weight of cargo.

were sold at 6d plus ½d postage, envelopes for 1/- plus 1d franking. Only these special pieces were flown, although they exist in various colors. Of these the cards and covers in violet were not sold to the public but were reserved for offi-cial use. As a result they are the rarest of all varieties.

Pilots and equipment were the best of the day. While complete details are not available at the moment, a contemporary picture post-card shows Gustave W. Hamel who flew the first dispatch of mail, Claude Grahame-White, Tom Sopwith, Gordon Bell, Clement Cress-well, C. Hubert, E. F. Driver, Sal-met, Turner, Allen, Prensiell, Hucks, and Valentine. Planes were principally of the Bleriot (monoplane) and Farman (box kite type biplane) varieties.

Being tied in with the celebrations of the King George V Coronation, the undertaking drew much attention. The theme—and a highly accurate prophecy—were expressed in a formal letter addressed to the new Monarch and signed by seven of the directors and pilots:
"To His Most Gracious Majesty

the King.

"May it please Your Majesty,
"We, the undersigned Directors of the Graham-White Aviation Company, Limited, and the undersigned Pilot Aviators of the First Aerial Post of the United Kindgom, conveying, this Ninth day of September One Thousand Nine Hundred and Eleven, your Majesty's Mails from the London Aerodrome, Hendon to Windsor Castle, humbly and re-spectfully greet your Majesty and offer sincere congratulations that the first Official Aeropost Service of the World has been inaugurated in your Majesty's Dominions during the first of year of your Majesty's rein.

"We believe this important event will become historical and its developments will lead to the revo- same day.

lution of the present modes of conveying communication between the peoples of the World." Interesting details of the opera-

tion are included in a schedule on Boise, Idaho. the back of the special postcards of the day. In addition to the price schedule, it lists the places where cards and covers were available, and the locations of the airmail post

boxes in which mail had to be deposited to be flown.

Finally, at the bottom is the notice: "Net Profits of Aerial Post devoted to Public Charity", and herein lies the story-within-the-story of the historical week.

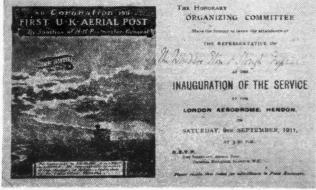

the historical week:
The project was not without its srags, and incidentally witnessed the first pilots' strike in aviation history; one of the planes crashed on landing, and the unfortunate airman broke both legs.

His colleagues immediately declared that they would not resume flying until £500 (then \$2425) dam-ages had been paid — a sum which was to reduce the final profits of the venture from £1400 to just over £900. This money was used to endow a hospital bed, but it looks very small change compared to the very ambitious prognoses which the organizers had put forward.

They were certainly dreaming of five, if not six, figures — at a time when every Pound represented a golden sovereign worth \$5 in pre-World War I purchasing power!

To mark the anniversary, British European Airways, successors to the then mail carriers, operated a helicopter flight over the original route on September 9 this year. They flew decorative post-cards franked with the special alrway letter stamp in addition to the normal British 3d stamp and a special cancellation commemorating the flight.

An additional act was an extension of this flight to provide a "Eu-ropa Flight" to link the Midland Stampex Philatelic Exhibition in Birmingham with the CEPT Conference opening in Torquay on the
